

SOLID STATE DRIVES

ARES ARS330 PCIe NVMe Gen3x4 SSD

Dominate the Game. Own the Frame.

The ARES ARS330 features a custom aluminum heatsink designed to dissipate heat effectively and prevent throttling during heavy workloads. Fast and Stable Performance With read speeds up to 2500MB/s and write speeds up to 1700MB/s, the ARS330 keeps load times short and file transfers quick, even under sustained use. Ideal for Compact Devices, such as the ROG Ally and Steam Deck. Its single-sided M.2 2230 form factor makes it a perfect upgrade for Mini PCs, laptops, tablets, and handheld consoles. Low power consumption, quiet operation, and a 5-year limited warranty round it out as a reliable solution for gaming and productivity.
