

SOLID STATE DRIVES

ARES Aerofin PCIe NVMe Gen5x4 SSD

Unleash Gen5. Dominate Every Load.

ARES AeroFin M.2 2280 PCIe Gen5x4 SSD delivers read speeds of up to 14,000MB/s with no thermal throttling, keeping boot times, file transfers, and system responsiveness consistently fast. An active micro-fan cooling system lowers peak SSD temperature by up to 40%, working alongside a high-density angled-fin heatsink that maximizes heat dissipation across the drive. At just 1cm in height, its ultra-slim profile fits cleanly without interfering with the GPU, making it fully compatible with the PS5 console, laptops, and mainstream motherboards.

Model		Aerofin PCIe NVMe Gen5x4 SSD
Interface		PCIe Gen5x4 NVMe2.0
Form factor		M.2 2280
Capacity		1TB / 2TB / 4TB
Read speed		Up to 14000MB/s
Write Speed		Up to 12000MB/s
Operation temperature		0°C ~ 70°C
Storage temperature		-40°C ~ 85°C
Weight		20g
OS Support		Windows (11, 10, 8.1, 8, 7, Vista), macOS 10.4 or later, and Linux kernel version 2.6.33 or above.
Warranty		5 Years
