

DATO DDR4 Extreme DIMM

Experience Power and Efficiency with DATO DDR4

The **DATO Extreme DDR4** memory module is built for high-performance computing, delivering speeds up to 3200MHz with low latency and stable output. Designed for gamers, creators, and power users, it features a rugged aluminum heatsink that enhances thermal dissipation and system stability under heavy workloads. Whether you're pushing frame rates or multitasking across demanding applications, Extreme DDR4 ensures smooth, responsive performance with uncompromising reliability.

Memory module type	DDR4 288 Pin Non-ECC Unbuffered DIMM		
Frequency	2666	3200	3600
Cas Latency	CL14	CL14	CL16
Capacity	8GB	8GB	8GB
	16GB	16GB	16GB
	32GB	32GB	32GB
Voltage	1.35v	1.35v	1.35v
Working Temperature	0°C ~60°C		
Warranty	3 Years
