

MICROSD CARD

DATO Express microSD card

Power your Switch. Accelerate everything.

DATO Express microSD card delivers next-generation performance in a compact, familiar format. Built with PCIe Gen3x1 and NVMe technology, it offers significantly faster read and write speeds than standard microSD cards—perfect for 4K/8K video, high-resolution photography, and rapid file transfers. While fully compatible with legacy SD UHS-I devices, it unlocks its full potential on microSD Express-enabled hosts. Designed for creators, mobile professionals, and advanced users, it combines speed, versatility, and portability in one future-ready solution.
